**Your plan may NOT include coverage for Urgent Care Centers at the Network level. Check your benefit description, booklet, or your ID Card to determine if your plan covers these health care professionals. If your ID Card lists "UCC" followed by a dollar amount, your plan covers these health care professionals at the stated copayment. If you are still uncertain if your plan covers Urgent Care Centers, please call the number on your ID Card.**

# Notes

# Mental Health/Substance Abuse Network

## *How To Use The United Behavioral Health Network*

***Follow these four easy steps:***

1. **Check your benefits** description or certificate of insurance to confirm that mental health and substance abuse services are part of your employer's health plan.
2. **Call the toll-free number** on your ID card (under Mental Health Services) for personal consultation and assistance with a referral.
3. **Obtain pre-authorization when required.** Some benefit plans require you to obtain pre-authorization to obtain the fullest possible reimbursement for some or all mental health and substance abuse benefits. Pre-authorization means calling UBH prior to obtaining care. To find out the benefit requirements that apply to you, check your benefits summary or certificate of coverage, talk with your company benefits administrator, or call the toll-free number on your ID card. Note that you should always contact UBH prior to obtaining in-patient services.
4. **Arrange an appointment with the network clinician you have selected.** It's that easy!

### *4 Reasons to Call UBH For A Referral to a Network Clinician*

Some benefit plans offer you the option of arranging care with clinicians outside the UBH network. We believe you may benefit greatly from choosing care with a UBH network clinician:

| | **With a UBH Network Clinician** | **With a Non-Network Clinician** |
|---|---|---|
| 1. COST | You may pay a modest co-payment at the time of your visit; in most cases you pay no deductible. | Your benefit often reimburses only a portion of the clinician's billed charge, and reimbursement often begins only after you have paid an annual deductible. |
| 2. TIME | You receive no bills and file no claim forms. So there's no time lost on paperwork, or waiting for reimbursement. | You must file claim forms in order to receive reimbursement. |
| 3. BEST MATCH | When you call UBH for a referral, our clinically-trained staff work with you to identify a clinician whose training, background and expertise suit your specific needs. The process is confidential. | Even if a friend or family member recommends someone, you can't be sure that the professional has the right background to address your unique problem. |
| 4. QUALITY | UBH reviews the background and practice of each clinician before including them in our network. We recheck regularly, and provide resources and feedback to network clinicians. | There's no one checking background, license or practice history for you. And if you see an unlicensed clinician, your benefit may not provide reimbursement. |

### *Make the call for better health care today!*

Just call the toll-free number on your ID card, and obtain the hassle-free care you deserve from a UBH network clinician.

**If required, call the toll-free number on your ID card BEFORE receiving treatment to obtain the highest level of benefit. For online search, visit *http://locator.liveandworkwell.com/locators/provider/***
